## SELECTMEN'S REPORT

In 1977 the Selectmen have seen increased demands on the Town from increased regulations by State and Federal Agencies. This has required the Selectmen to spend more time meeting the demands of these State and Federal Agencies and the reports required by these Agencies.

An area which has been of particular concern in 1977 is Solid Waste Disposal, The Town has reviewed several possible sites for sanitary land fill and did extensive testing on one site, only to find that it would not meet the requirements of solid waste disposal. The Selectmen are presently working with a consultant and the Department of Environmental Protection in an effort to locate a suitable site for waste disposal.

We were fortunate to pass another year without the need to call a Special Town Meeting. This not only saved the Town money, but also avoided imposing the wants of special groups upon the Town as a whole.

A severe Spring storm in March caused extensive damage in the Town. Many of the Town Ways required major repairs after this storm,and the Dams at Lake Sherburne and Thyng's Mills were washed out. As a result of the loss of the Dam at Lake Sherburne it was necessary to reduce the property values surrounding the Lake.

In mid-April the Town acquired, by matured tax liens, over 400 lots in the Lake Arrowhead Development. The Town is presently in the process of determining the best course of action for disposition of these lots.

In 1977, the Selectmen spent many hours assessing property in the Town. This included a review of all new structures and review of many of the older structures in the Town.

We were fortunate in 1977 to hold the increase in the tax rate to less than 5% this was accomplished through careful spending by the Town.

The Selectmen wish to thank the many Boards and Commissions that have worked for the Town in 1977. They have donated their time and worked hard for the Town and its government. We encourage all citizens to become involved in town government and solicit their support for these agencies.

## MUNICIPAL BUILDING COMMITTEE REPORT

As a result of a motion voted and passed at the 1977 Annual Town Meeting, the Municipal Building Committee has been actively developing a building plan and design, with as specific as possible costs, to present to the 1978 Annual Meeting. To aid us with this effort, the Committee interviewed five architects and/or architectural firms and as a result, retained the services of Philip Snow Associates of South Portland. With the help of that firm, the Committee has a building plan which we feel not only will meet the present and future needs of the town, but is also within the financial resources of the town. Two public informational meetings on the proposed building were held late in January 1978 to provide the people of the town an opportunity to review and discuss the plans with the Building Committee. The plans will be discussed and presented for a vote at the 1978 Annual Town Meeting. The members of the Building Committee urge every citizen of Waterboro to attend that meeting.

Respectfully submitted,

Duane Wakefield, Chairman
Merrill Pazolt
Fred Pierce
Bruce Roubo
Gayle Young

## CONSERVATION COMMITTEE REPORT

The Waterboro Conservation Commission meets the second Monday of every month at the Waterboro Town Office.

Because of the great amount of timber land and timber related industries in this area our special project for 1977 was a series of meetings on woodlot management. On March 16 a regional meeting in which we were joined by surrounding towns was held at Massabesic. Speakers were Mr. Sterling Dow. Executive Director of the Maine Assoc. of Conservation Commissions, Mr. Robert Umberger from the Bureau of Forestry explained the "Tree

Growth Tax Law" and Janet Milne of the Maine Coast Heritage Trust gave information on "Conservation Easements". Two other meetings were held in April aided by Mr. Jim Trask of the Massabesic Forestry who spoke and lined up other speakers who gave invaluable information to woodlot owners. These sessions were followed by a field trip to a wood lot on the property of Mr. Tom McConkey where Jim Trask demonstrated proper cutting and cleaning of different stands of timber. In the spring members attended a workshop at Bonney Eagle covering "The Comparative Economics of Development and Conservation". They also went to the annual meeting of the Maine Association of Conservation Commissions in October at the Holiday Inn in Portland. Five "Local Action Training Program Workshops" were held at the Court House in Alfred covering dumps, Sewer Systems and Water Supply Systems, and your Conservation Commission members were represented at some of these.

We joined the Maine Association of Conservation Commissions. In our efforts to keep the townspeople informed and educated on various environmental issues affecting the State of Maine we obtained a slide/sound show entitled "The Dickey-Lincoln Project" and Maine from the Natural Resources Council and presented it at Massabesic High School in September.

Other subjects discussed by our commission have covered The Tenneco Pipe Line energy conservation measures, solar power and solid waste disposal. Members are Jane Willett, Chairman appointed to 1979, Emily Hamilton, Secretary appointed to 1978, Stanley Gawron, appointed to 1981, Jane MrGrath, appointed to 1982 and Associate Member, Thomas McConkey.

## 1977 REPORT OF THE CODE ENFORCEMENT OFFICER

To the Board of Selectmen, Town of Waterboro:

During 1977, 92 permits have been issued, 9 applications for permits have been denied. 48 Zoning and Building violations have been cited and corrective action has taken place on 43 of these, the remaining 5 violations are in corrective process. We have much work to do in the pond and lake areas of the town in regards to raw

sewage entering these waters and improper land use along the shore-fronts; this work will commence in the spring.

Mileage travelled for Code Enforcement in 1977 was 5,114 miles. 738 phone calls have been received for information regarding zoning and registering complaints.

We would like to thank the Board of Selectmen, Planning Board, Appeals Board and the Townspeople for their help and efforts in making our Zoning Ordinance and enforcement effective and beneficial to the integrity and character of the Town of Waterboro.

Respectfully submitted,

Allen B. Jordan, CEO
M. Edward Munro, Ass't. CEO

## REPORT OF THE BUILDING INSPECTOR
## PERMITS ISSUED IN 1977

To the Board of Selectmen, Town of Waterboro:

Permits issued as follows:

| | |
|---|---|
| New Homes | 27 |
| Garages | 15 |
| Foundations under Cottages | 6 |
| Fireplaces | 1 |
| Breeze-ways | 2 |
| Riding Rings | 1 |
| Green Houses | 1 |
| Laundry-Mats (Voided) | 1 |
| Move Garages | 1 |
| Mobilehomes | 5 |
| Move Houses | 1 |
| Dormers | 2 |
| Retail Stores (1-Voided) | 2 |
| Move Mobilehomes | 3 |
| Additions | 12 |

| | |
|---|---|
| Renovations | 2 |
| Storage Sheds | 5 |
| Summer Residences | 2 |
| Signs | 2 |
| Swimming Pools | 1 |
| Total | 92 |

Total Est. cost of building: $984,900.

Respectfully submitted,

Allen B. Jordan
Building Inspector

## WATERBORO FIRE DEPARTMENT REPORT

To the Citizens of the Town of Waterboro:

We hereby submit the following report for the year ending December 31, 1977. The department responded to a total of 222 calls as follows:

| | |
|---|---|
| Ambulance calls | 132 |
| Fire calls & smoke investigation | 75 |
| Pumping cellars | 12 |
| Bomb threats | 2 |
| Lost Persons | 1 |
| Total | 222 |

We have held a breathing apparatus school for Scott Air Paks. Ten men went to the Fire Attack School at Sanford, put on by the York County Fire Chief Assoc. We have won a CPR course, an advances first aid course and an 81 hour EMT course for ambulance attendants.

The department hopes to purchase a new ambulance this next year, as the one we have is getting to small with the equipment that

has to be carried.

We also would like to purchase another tank truck for the department, to be housed at the East Waterboro Station.

The Ladies Auxiliary donated money with which to purchase plectrons. They also made a donation towards the new ambulance.

I wish to thank the men of the Department, the Auxiliaries and citizens of the town of Waterboro for their help during the past year.

Respectfully submitted,

Raymond L. Emmons
Chief

## PLANNING BOARD ANNUAL REPORT, 1977

The Waterboro Planning Board held 12 Regular and 4 Special meetings and 2 hearings; reviewed 5 applications for approval of proposed construction; granted 8 permits for power connection and approved 1 subdivision.

It completed and recommended a Zoning Ordinance to the Annual Town Meeting. It was adopted and 800 copies have been printed.

In April of each year the term of one member of the Planning Board expires and the Selectmen must reappoint the member or appoint a new one, whichever they deem advisable. Those interested in being appointed to the Board should notify the Selectmen in writing.

Respectfully submitted,

Douglas C. Foglio, Chairman

Douglas C. Foglio, Chairman

## REPORT OF THE PLUMBING INSPECTOR

During the past year—from Jan. 1, 1977 until Dec. 31, 1977 68 permits were issued by me. The break down of these permits are as follows:

From Jan. 1, 1977 until Sept. 1, 1977, when we started using new State forms—I issued 26 permits.

16—complete permits (internal & external)
3—Mobil Home hookups, including sewage disposal system.
2—complete replacement of all sewage disposal systems.
1—holding tank
2—internal plumbing of new homes replacing trailers
2—permits for replacement of old plumbing fixtures

From Sept. 1, 1977 until Dec. 31, 1977 seperate permits had to be issued for Internal and External Plumbing. During this period I issued:

| | |
|---|---|
| 25 External Subsurface Sewage Permits | 17 Internal Plumbing permits |
| 23 for complete systems | 15 complete Internal Plumbing |
| 1 replacement tank | 2 trailer hookups |
| 1 replacement bed | |
| 25 | 17 |

I wish to take this opportunity to thank those people building and remodeling in the Town of Waterboro for their cooperation in obtaining Plumbing Permits, before they start construction. I would also like to remind these people that I have to inspect this plumbing when completed so that I may issue a certificate of approval and send the State a copy.

Thanks again for your cooperation,

Respectfully submitted,

Richard W. Meggison
Local Plumbing Inspector #219

## REPORT OF THE SACO RIVER CORRIDOR COMMISSION

The Saco River Corridor Commission is composed of representatives of the 20 communities bordering the river from Fryeburg to Saco and Biddeford. Each town within the corridor is represented by one full member and one alternate appointed by the Selectmen. A Commission Meeting is held once a month. Waterboro's full member is Jane Willett who this year served as 2nd Vice Chairman and Finance Committee member. Waterboro's alternate member is William Burt who also served as a Rules Committee member.

The Commission was very busy this year. Because of the amount of building occurring in Lake Arrowhead, a large number of the permit applications the Commission considers are for new construction in Waterboro. 21 percent of the applications to the Commission this year were for construction in Waterboro.

The last session of the Legislature passed a bill prepared by the Commission that gave it a little more flexibility in responding to the problems of individual property owners. The staff has continued to assist property owners in preparing applications going before the Commission, as well as providing them with help in complying with state laws such as the Great Ponds Act. Any Waterboro resident interested in obtaining information about the Commission or the effect of the Act on their land should feel free to call either of its Commission representatives or Carl Laws, Executive Director, at the Commission office in Cornish 625-8123.

Respectfully submitted,

Jane Willett
William Burt

**SCHOOL ADMINISTRATIVE DISTRICT NO. 57**
**Office of the Superintendent**
**Waterboro, Maine 04087**

To the Citizens of the Town of Waterboro:

It is my pleasure to prepare this Annual Report of the activities of SAD #57 as they pertain to Waterboro.

A great step forward has been taken by the people of Waterboro and the other five towns in the District. On December 5, 1977 you went to the polls to vote on three elementary school projects in SAD #57. The proposed new schools in Waterboro and Lyman and an addition to the Shapleigh Memorial School were approved by the voters as a means to alleviate the overcrowded conditions in our rapidly growing district.

The new elementary school in Waterboro will be located at

Waterboro Center between Route 5 and the Old Alfred Road. The facility will house about 450 students. In addition to regular instructional stations, the facility will contain a cafeteria, gymnasium, resource center and other support facilities.

The State Board of Educational and Cultural Services has given final funding approval to our school construction project. Within a few weeks the project will go out for competitive bidding with ground breaking and construction expected to begin during the month of April. The completion date for the Waterboro school is expected to be September 1979. Until the school is completed we will continue to house students in non-district facilities.

Since coming to the District this fall, I have recognized a willingness on the part of the citizens to work hard for a quality educational program to serve the needs of our young people. I wish to express my appreciation for your help and support.

Respectfully submitted,

Vincent J. Gallucci
Superintendent

## YORK COUNTY HEALTH SERVICES REPORT

York County Health Services is a non-profit community health agency with offices located in Saco, Waterboro, Wells and Sanford. It is from these offices that nurses, therapists and health aides are dispatched to residents in nearby towns throughout the county.

Nurses made 333 visits to children and adults in their homes in Waterboro from January to December, 1977. Therapists and health aides made 161 visits during this same time period.

Children came to our clinics 829 times and nearly 14% or, approximately 115 children, had to be referred to their doctor for further diagnosis and treatment.

Adults made 51 visits to clinics to be tested for such problems as anemia, diabetes and high blood pressure. We referred about one person in every ten.

Waterboro's tax allocation to York County Health Services ensures home health care, clinics and other community health services to all requiring such care.

## WATERBORO YOUTH LEAGUE
## FINANCIAL BREAKDOWN & SUMMARY

The following is a breakdown & summary of the finances of the Waterboro Youth League for the year 1977.

Respectfully submitted,

Elaine Keith, Treasurer

## ZONING BOARD OF APPEALS REPORT FOR 1977

To the Town of Waterboro:

The Zoning Board of Appeals had 6 requests for variances to the Waterboro Zoning Ordinance.

One hearing was cancelled by the appellant just prior to hearing date. The remaining five appellants appeared before the Board. Four of the requests for variance were granted with the remaining one amended to conform with the zoning regulations.

Sincerely,

John L. Young, Secy.

## TOWN CLERK'S REPORT

### 1977 Report of Vital Statistics

Board of Selectmen
Town of Waterboro, Maine

We have examined the financial statements of the various funds and account groups of the Town of Waterboro, Maine for the year ended December 31, 1977, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and account groups of the Town of Waterboro, Maine at December 31, 1977 and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF WATERBORO, MAINE

Notes to Financial Statements
December 31, 1977

(1) Summary of Significant Accounting Policies

The financial statements are presented in accordance with generally accepted accounting principles applicable to State and local government units. The basic principles have been promulgated by the National Committee on Governmental Accounting. These principles have evolved over the years and received the general endorsement of governmental official, the general public and other persons interested in financial statements of such units.

Funds

In government the basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self balancing set of accounts recording cash and/or other obligations, reserves and equities which are segregated for the purpose of carrying specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Basis of Accounting

The modified accrual basis of accounting is followed for the General Fund. The modified accrual basis of accounting is defined as "the basis of accounting under which revenues are recorded as received in cash except for revenues susceptible to accrual and material revenues that are not received at the normal time of receipt, and expenditures are recorded on a cash basis".

Plant Fund

The Town does not maintain a Plan Fund. Expenditures for property and equipment are recorded in the General Fund and charged to operations at time of purchase.

General Debt

The Town has an outstanding note with the Canal National Bank in the amount of $28,000 payable $14,000 each year plus interest of 6¼% payable semi-annually.

## WARRANT

**County of York, ss** **State of Maine**

**To F. Edward Waterhouse, a constable of the Town of Waterboro in the County of York and State of Maine.**

**GREETINGS:**

In the name of the State of Maine, you are hereby commanded to notify and warn the Inhabitants of said Waterboro, qualified to vote in Town affairs to assemble at the Massabesic Middle School in said Town, on Saturday, the 11th. of March, A.D., 1978 at 10 o'clock A.M., then and there to act on the following articles to wit:

Article 1: To choose a Moderator to preside at said meeting.
Article 2: To choose all necessary Town Officers for the year ensuing.
Article 3:To see if the Town will accept the reports of the several Town Officers for the year ending Dec. 31, 1977.
Article 4:To see if the Town will vote that all balances both debits and credits in the several departments of Town Government of Waterboro be lapsed or carried, as shown below and that carried balances be reappropriations and added to or substracted from appropriations for 1978 made this day.

Finance Committee Recommends:
$4,000.00 from taxation.

Art. 53: To see if the Town will vote to authorize the Selectmen to sell and dispose of, at public auction, any tax title property acquired by the Town of Waterboro through matured tax liens, said public auction to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days prior to sale, in addition it shall be printed 2 weeks in the Journal Tribune prior to such sale or sales. Those lands deemed best kept by joint conference of the Planning Board, the Selectmen and the Conservation Commission shall not be placed for auction, but held by the Town. The Selectmen shall execute quit claim deeds signed by all three for such property. Sales shall be made with the understanding that the purchaser be responsible for establishing boundary lines. Provided however, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds to and for the benefit of persons claiming present title, to clear the public records of old tax deeds or matured tax liens for which a discharge is not of record because of inadvertance of the like, without the necessity of sale at public auction. Provided further, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds for such property to the prior owner or owners or his successors in interest if the amount of delinquent taxes together with the costs and interest are fully paid within three years from the date of maturity of foreclosure of the most current tax lien, also without the necessity of sale or public auction. The Tax Collector shall submit a list of all Tax Title properties to the Selectmen, by the first of the year, and list published in the Town Report.

Finance Committee Recommends:
Ought to pass.

| | | | | |
|---|---|---|---|---|
| Art. 54: To see what sum of money the Town will raise and appropriate for a revaluation. | -0- | -0- | -0- | 40,000.00 |

Finance Committee Recommends:
Ought not to pass.

Art. 55: To see if the Town will vote to be designated as a municipal assessing unit rather than a Primary assessing area.

Finance Committee Recommends:
Ought to pass.

Art. 56: To see if the Town will authorize the Selectmen to hire a State Certified Assessor with a salary range of $12 - $15,000., annually. 15,000.00

Finance Committee Recommends:
An amount not to exceed $15,000.00 from surplus.

| | | | | |
|---|---|---|---|---|
| Art. 57: To see what sum of money the Town will raise and appropriate for the observance of Memorial Day. | 400.00 | 301.81 | 98.18 | 400.00 |
| Finance Committee Recommends: $400.00 from Federal Revenue Sharing. | | | | |
| Art. 58: To see what sum of money the Town will raise and appropriate for a Tennis Court. | -0- | -0- | -0- | 10,000.00 |
| Finance Committee Recommends: Ought not to pass. | | | | |
| Art. 59: To see what sum of money the Town will raise and appropriate for a water quality study at Ossipee Lake. | | | | |
| Finance Committee Recommends: No monies recommended. | | | | |
| Art. 60: To see if the Town will vote to authorize the Collector of Taxes to charge interest at the rate of 1% per month on all 1978 unpaid taxes remaining unpaid 30 days of date mailed, and to see if the Town will vote to continue the discount method of 1% if paid within 30 days of date mailed. | | | | |
| Finance Committee Recommends: Ought to pass. | | | | |
| Art. 61: To see if the Town will enact a Dog Control Ordinance. | | | | |
| Finance Committee Recommends: Ought to pass. | | | | |
| Art. 62: To see what sum of money the Town will raise and appropriate for the American Red Cross. | -0- | -0- | -0- | 174.00 |
| Finance Committee Recommends: Ought not to pass. | | | | |

Art. 63: To see if the Town will approve and authorize the Selectmen to enter into an Agreement with Lake Arrowhead Estates pertaining to the Town's acquiring a marketable title to 334 lots subject to foreclosure by municipal tax liens and related matters. Copies of the Agreement are available at the Municipal Offices for inspection and review.

Finance Committee Recommends: Ought to pass.

The Selectmen hereby give notice that the polls for the election of Town Officers under Article 2 of the Warrant will be open from 10:00 a.m. until 7:00 p.m. on Saturday, March 11, 1978.

Witness: Our hands at said Waterboro, Maine, this 15th day of February A.D., 1978.

**REPORT OF THE PLUMBING INSPECTOR, 1978**

During the past year 88 permits were issued by me. The break down of these permits were as follows:

43 Exterior plumbing permits were issued.

39 Complete Subsurface Sewerage disposal permits.

35 Residential
1 School
2 Churches
1 Laundramat

39

3 Replacement Beds
1 Replacement Tank

43

45 Internal Plumbing Permits

32 Complete residential Internal Plumbing permits
1 School
1 Church
1 Laundramat
3 Mobilehome hook-ups
7 Replacement or addition permits

45

Once again I wish to thank the people building and remodeling in the Town of Waterboro for their cooperation. I would also like to thank the Selectmen, Code Enforcement Officer and especially the Town Clerk for the help they have given me over the past year.

Respectfully submitted,

Richard W. Meggison
Local Plumbing Inspector #219

## REPORT OF THE WATERBORO CONSERVATION COMMISSION

The Waterboro Conservation Commission meets the second Monday of every month at 7:30 p.m. in the Waterboro Town Office. All interested townspeople are invited to attend these meetings.

Conservation Commission members are Stanley Gawron—Chairman; Constance Marshall—Secretary; Jane McGrath; Robert Tutt; Jane Willett; and Associate Member Thomas McConkey.

During 1978, we again renewed our membership in the Maine Association of Conservation Commissions. This group is a valuable source of available speakers, contacts, and information on what other commissions in the state are doing.

One of our members participated in a recycling meeting for the towns of Alfred, Lyman, and Waterboro. The major topic discussed was how to educate people so that they will want to recycle items. In conjunction with this, the Waterboro Conservation Commission has been working on a recycling pamphlet to be distributed throughout the community. The pamphlet will include recycling in all areas of life—i.e., cooking; gardening; decorating; business; etc.

Another member attended the USDA's Soil Conservation Service meeting. The York County Soil and Water Conservation District and the Maine Soil and Water Conservation Commission are working with the Soil Conservation Service to gather and put together soil, water, and related resource data as a basis for improving assistance.

In the spring we met with selectmen and other citizens to discuss the growing litter problem in town, and we helped devise a campaign to alleviate this problem.

Last summer we voted to sponsor an interested Waterboro student or students to the Bryant Pond Conservation School. We planned to send two students on half scholarships, or pay the whole amount for one. Unfortunately, no one took advantage of the program.

Perhaps our single most long-term effort is in acquiring land

for a recreation area to be used by the entire community. Such an area, if properly supervised, could conceivably be used as a source of fuel wood for the townspeople; for snowmobiling; and for cross-country skiing. This past year we researched town-owned property, and individually contacted private landowners. As yet, we have had little success in finding suitable property for sale. We urge anyone with suggestions about this to contact commission members or attend one of our meetings.

Respectfully submitted,

Constance Marshall
Secretary
Waterboro Conservation Commission

**SCHOOL ADMINISTRATIVE DISTRICT NO. 57**
**Office of the Superintendent**
**Waterboro, Maine 04087**

**TO: The Citizens of the Town of Waterboro:**

It is my pleasure to prepare this Annual Report of the activities of SAD #57 as they pertain to Waterboro.

The Waterboro school enrollment in SAD #57 continues to increase. The 725 1978-79 Waterboro student enrollment is distributed on a grade by grade basis regardless of where the students are housed as follows:

| | |
|---|---|
| K-59 | 7-55 |
| 1-58 | 8-68 |
| 2-64 | 9-62 |
| 3-70 | 10-48 |
| 4-48 | 11-45 |
| 5-56 | 12-25 |
| 6-55 | Special Ed.-12 |

The new Waterboro Elementary School which is now under

construction is located in Waterboro Center between Route 5 and the Old Alfred Road. The faculty will house about 450 Waterboro students. In addition to regular classroom areas, the building will have a cafeteria, gymnasium, resource center, library and other support areas. The school will be ready for occupancy in the fall. With the completion of this new building all Waterboro students will again be housed in facilities within the confines of the town.

I wish to express my sincere appreciation to all the citizens of the town of Waterboro for the helpful cooperation in operating our school system this year. Your continued cooperation, helpfulness and support is needed in the coming year in order to continue a quality education program that will serve the needs of our young people.

Respectfully submitted,

Vincent J. Gallucci
Superintendent

## ZONING BOARD OF APPEALS REPORT FOR 1978

**To The Town of Waterboro:**

The Zoning Board of Appeals had five (5) requests for variances to the Waterboro Zoning Ordinance.

Hearings were held on all five requests by the members of the Zoning Board of Appeals and in each case, the request for variance were granted.

Respectfully submitted,

Leroy Darling, Secy.

## WATERBORO YOUTH LEAGUE

The 1978 Baseball and Softball season had 122 children participating (including 43 girls) in Little League, plus two teams

for Babe Ruth. We outfitted one complete new Babe Ruth team this year.

Following is a recap of Finances through the 1978 Season:

| | | |
|---|---|---|
| **Income:** | | |
| Town of Waterboro | $1,500.00 | |
| Uniform Donations | | |
| 19 $25.00 each | 475.00 | |
| Registrations | 292.00 | |
| Hat Monies | 37.77 | |
| Concession profits | 19.06 | |
| Cake Sale | 108.51 | |
| Raffle | 623.70 | |
| Dance | 439.84 | |
| Babe Ruth games, carwash | 70.00 | |
| TOTAL | $3,565.88 | $3,565.88 |
| **Expenses:** | | |
| Uniforms | $ 621.47 | |
| Equipment | 1,682.45 | |
| Insurance | 328.50 | |
| Saco Valley Babe Ruth Insurance | 213.00 | |
| Saco Valley Youth League | 15.00 | |
| Supplies for ball fields, (lumber, paint, etc.) | 85.00 | |
| Umpire fees | 404.50 | |
| Printing Raffle Tickets | 48.78 | |
| **Dance Expenses:** | | |
| Soda, chips, cups, etc. | 73.46 | |
| Supplies for car wash | 17.10 | |
| Stitching of glove | 10.00 | |

| | | |
|---|---|---|
| Copies of Registration forms | 5.00 | |
| SAD 57 for broken window | 5.00 | |
| Bank Service Charges | 6.50 | |
| TOTAL | $3,515.76 | $3,515.87 |
| Balance | | 50.12 |

Respectfully submitted,

Elaine Keith,
Secretary Treasurer

## WATERBORO FIRE DEPARTMENT

Information for the Town Report:

Greetings:

During 1978 the department has made some progress in providing a better service to those whom we serve. Of course, department members and officers are taking the varied training courses that are made available through organizations such as the State Fire Chief's Assn., the State Fire Marshal's Office, through public relations departments of certain industries, as well as other state wide service groups.

The department is currently working on a few major programs we feel will be of vital importance in continuing a high level of efficiency, and response to the needs of our community.

We are in the process of setting up a card file system for our dispatcher. This system would contain certain bits of important information that will aid in the response of fire and rescue personnel and apparatus. In the near future every citizen will be asked to answer some questions on a survey form. These questions will provide us with the information we feel would be helpful. The survey will contain information such as, nearest year round water supply, how many children in the home, do they attend school, is there anyone in the home who, in case of fire, may not be able to evacuate the premises. This information would be on file with our

dispatcher, who automatically notify responsing fire and rescue personnel that the possibility might occur involving a situation where they might expect children to be home. I hope that everyone will take the opportunity to assist us in this particular endeavor, and provide us with the information we need.

Another program we are working on, is the "VIAL OF LIFE" program. This program is sponsored by an organization consisting of telephone company employees. The program is designed to give rescue personnel vital information that the attendant and/or the hospital might need. The system works rather well, and is rather simple. Families or residences where people are located that have a specific illness, and might be on special medication, will be asked to fill out a little form giving the names and doseage of the medications and then placing it inside a vial. The vial will then be placed in the right hand side of the refrigerator. On the outside of the refrigerator they will be asked to place a sticker. The fact that this sticker is on the outside of the refrigerator will indicate to rescue personnel that there is information they should be aware of, located inside. This information is especially important to rescuers, if the patient is unable to communicate with them for various reasons.

Both of these programs are voluntary. I sincerely hope everyone will take part, as they are being provided to you so that we might be able to better serve you.

The department also took under advisement concerns with mutual aid. After several meetings with key personnel in other surrounding towns, we were assured of continued mutual aid, and in turn assured them of our pledge to continue mutual aid with them.

A reminder to all that phone stickers and tot finders are available to citizens free of charge. Those wishing any of either or both should contact either their local deputy chief or the fire chief. If you are not aware of who the department officers are, contact our dispatch anytime throughout the day at 247-4133. Our dispatcher will be glad to give you this information.

The chief's office also has available some booklets on approved recommendations for the installation of woodstoves and

chimneys. The recommendations are the only ones certified by the State Fire Marshal's Office, Underwriter's Laboratories, and the Maine Testing Lab at SMVTI. Anyone wishing a copy of these recommendations, and/or a courtesy inspection of their chimney or woodstove may contact the fire chief.

Citizens are also reminded that they should not be afraid to contact the fire department, (via our emergency number 247-4255) if they feel they have a hazardous situation in their home or on their property. Too many times has a mere smell of smoke, which is shrugged off, cost someone their property or life.

In reference to our rescue service, I would like to submit the following report. Our appointed ambulance committee consists of four attendants and four non-attendants, who are regular firemen. In this manner we hope to keep some balance of consistency.

The committee meets once per month, to review, discuss and make any needed recommendations. They do not at any time make any decisions without the approval of the Fire Chief or the department membership. The committee's task also includes the overseeing of the purchase of equipment and supplies as needed for the unit, and try to solve any problems that arise from time to time concerning the unit and/or it's personnel. The committee must also review training and log same, in addition to seeing that the attendants are properly licensed.

A major step on behalf of the committee this past year, was the recommendation of a new phone system for the use of the attendants. This new system assures attendants a direct line to the dispatch center, where they can then notify him that they will meet the unit on the scene of an emergency or at some other strategic point closer to the emergency than they already are. This has been a proven improvement as it cuts down on the response time of the unit, enabling it to leave without an attendant, when there is one to meet it on the scene.

This past year the committee has had the services of a volunteer training coordinator, who is responsible for arranging all training sessions and properly logging them.

Each of our attendants hold a valid Maine State Ambulance License which must be renewed on an annual basis, and then can only be done so through updated training and now only after passing a state examination. We currently have seventeen licensed people, out of which eight are emergency medical technicians. These people have completed a special advanced training course consisting of over 100 hours of in class and on the job type training in hospitals. We are also fortunate at the time this report is being written that another member of the department is taking this advanced class.

Those taking EMT training have a special requisite they must maintain. They must receive 100 points over a two year period in order to be re-certified, in addition to passing the usual exams, and the national exam. The points are gained through attending emergency medical service lectures and training classes.

In the past, our department dispatcher handled ambulance billing. To relieve him of some of his workload, in May 1977 the volunteer position on billing secretary was created. It is this persons job to log rescue responses, their patient, origin and destination. The following information has been submitted by the secretary for use in this report.

**1978:**

Number of responses in which a patient or patients were transported ..... 125

Number of responses in which no charge or no transport is indicated ..... 27

At the writing of this report the department had received $1,051.00 for services rendered by our rescue. This leaves an unpaid balance of $2,155.00, money which has not yet been received for ambulance bills.

**Response Breakdown:**

| | |
|---|---|
| Accident | 14 |
| Injury | 21 |

| | |
|---|---|
| Illness | 29 |
| Other | 14 |
| UNKNOWN | 47** |

It is important to understand that the unknown column represents the number of calls where no apparent, immediate known symptoms were recognized by the attendant, therefore not logged on the run report as anything specific. Law does now allow for our attendants to diagnose, hence we have the unknown column.

**Breakdown of log statistics:**

| | | |
|---|---|---|
| Structure | 16 responses | —those fires which involve homes, storage buildings, garages etc. |
| Chimney | 13 responses | |
| Mutual Aid | 03 responses | —dept. apparatus assisted, or covered in surrounding communities |
| Hazardous Situations | 31 responses | —department apparatus that responded for gas leaks, car accidents, gas washdowns, wires down, etc. |
| Appliances | 05 responses | —depict no actual blaze in most cases but a unit was responded for safety purposes. Includes electric stove fires, vacuum fire, etc. |
| Brush-Grass | 14 responses | |
| Dump | 03 responses | |
| Public Service | 08 responses | —pumping cellars, filling wells, etc. |

I would like to take this opportunity to thank all of the citizens who morally and financially pledged their support to this

department during 1978. It makes our job so much more worth while, when you receive the support of the public you serve.

I realize that department decisions and policies may sometime strain the relationship that has been built over many years between the citizens of the town and this department. I only hope will bear with us through these rough times by giving us your continued support.

This is also a very appropriate time to say thanks to the many men and women who have served the department this past year. Without these dedicated, community minded people, the citizens of this town would be at the mercy of some of life's more destructive forces. These people volunteer their time, and in many cases risk their lives, to protect others and other's property. I hold only the highest admiration for these people, as they have helped to make this department's service reputation something we all can be and should be very proud of. There is no possible way I can begin to say "thanks" enough to these people.

From the deepest confines of my heart, I wish to thank the citizens, the men and women of the department for their undivided cooperation, dedication and support they have given over the past year.

Respectfully,

Richard A. Eugley
Fire Chief

## SELECTMEN'S REPORT

This Town Report you are reading, is a Report of how the Selectmen handled your Town's business during 1978. Many hours have been spent this past year working on a solution to the Department of Environmental Protection demands that we close down our open burning Dump and with all the requirements for a land fill site. It is all most impossible to find a site locally situated that would be approved by the D.E.P.

The Selectmen have tried to take advantage of the prevailing high interest rates on Certificates of Deposits to get the Town the best return possible on funds appropriated for a dedicated purpose such as the Building Fund, Dump Site, and Open Space Land Fund.

Your review of the reports of the various committees in the Town will reveal the activities going on. It has been a very busy year for all concerned and the Selectmen are very appreciative of the devotion and hours spent by these dedicated citizens. Due to the State qualifications requests the Town Assessor was a hard job to fill, we feel Mark Caldwell is well qualified and doing a very good job for the Town.

Respectfully submitted,

John C. Monteith, Chairman

## REPORT OF THE WATERBORO PLANNING BOARD

The Waterboro Planning Board, during 1978, held: 12 regular, 9 special and 3 workshop meetings averaging about 3½ hours each; 10 on-site inspections and one public hearing. Attendance was 73 percent. A quorum was present at all but 2 meetings. Two new members were appointed.

The greater part of the time was spent reviewing applications by property owners of non conforming uses or substandard sized lots for approval to construct or to further encroach upon the

setback limitations.

Two land subdivisions one for one 2 acre lot and one for 4 lots on a 35 acre tract were approved. A proposed subdivision of 460 acres into 56 lots and one of 115 acres into 5 lots were submitted and remain in the processing stage.

The Board intervened, on behalf of the Town, in an application to the Environmental Protection Agency for approval to rebuild the Thyng's Mill Dam. The report of a consulting engineering firm, hired to review the proposed plans as well as the condition of the existing Sherbourne Lake Dam, stated that the design of the former was inadequate and the condition of the latter is not acceptable. A well attended hearing was held on the matter where concern and opposition were expressed. The consulting engineer's report was sent to the Environmental Protection Agency who has directed the owner of Sherbourne Lake Dam to repair it, and who has not yet approved plans for Thyng's Mill Dam.

The classification of roads and streets with a view to long-range requirements and comprehensive design and construction standards were started.

As proposed at the last Annual Town Meeting a study of the water quality of Little Ossipee Lake has been completed and a report from the E.P.A. is expected early in 1979.

Respectfully submitted,

Douglas Foglio, Chairman

## REPORT OF THE CODE ENFORCEMENT OFFICER TOWN OF WATERBORO

**To the Board of Selectmen, Town of Waterboro**

During 1978, 93 Zoning and Building citations have been issued. Of these, 71 have been referred to the Department of Environmental Protection, 19 have been corrected; and 3 are in the corrective process.

The 71 cases referred to the Department of Environmental Protection pertain to pollution and erosion problems around Ossipee Lake.

I would like to extend my appreciation to the citizens of Waterboro for their support and involvement in this program.

Respectfully submitted,

Allen B. Jordan
Code Enforcement Officer

## REPORT OF THE BUILDING INSPECTOR
## TOWN OF WATERBORO

**To the Board of Selectmen, Town of Waterboro**

The following permits were issued:

| Additions | 8 |
| Camps | 2 |
| Chimneys | 2 |
| Sheds | 5 |
| Stores | 2 |
| Barns | 2 |
| Total Permits | 104 |

Respectfully submitted,

Allen B. Jordan
Building Inspector

## ASSESSOR'S REPORT

**To the Taxpayers of Waterboro:**

Since being appointed to this job last August, I have been your full-time Tax Assessor and have been conducting a property equalization program for the Town. This program was initiated by

the last Annual Town Meeting and will bring the Town in line with State standards.

This reassessment consists of three parts. The first step is currently in progress, and involves my examining the parcels of land in Town, by personal inspection and measurement of the dwellings, by updating Town maps and records, and by consulting real estate transactions. During this process, I have had an opportunity to meet many landowners in Town and to further familiaze myself with all aspects of Waterboro. Hopefully, this first step of the reassessment will be completed by early this Summer.

Then, the second step will begin, the construction of a fair and equitable pricing schedule by which all properties, both land and buildings, can be judged. This schedule will be approved by the Selectmen. At this time, I will also review all properties in Town and the assessments will be finalized.

The third step will signal an end to the revaluation process. Notices will be sent to all property owners during early Summer of 1980 informing them of their new property values. These new values will represent 100% of fair market value. I should caution taxpayers not to figure their taxes using the old tax rate when these notices are received. It is well to keep in mind that the tax rate will proportionally decrease as the percentage of valuation increases.

Regardless, any property equalization program will produce many questions in the mindsof the taxpayers. Private hearings will be held after all valuation notices have been received to clarify any issues and answer any questions that individual taxpayers may have.

I am hoping to complete a very fair and just tax schedule within the next year. However, my assessments can only be as accurate as the information at my disposal. Any taxpayer with new information concerning his property, such as a private sale or other transfer of ownership, an unregistered deed, or a boundary disput,

should inform the Assessor and further attend to the matter as is warranted.

I thank all of you for your time, consideration and cooperation.

Respectfully submitted,

Mark A. Caldwell, Assessor

## TOWN OF WATERBORO
## TOWN CLERK'S REPORT
## 1978

### Vital Statistics

Births .....46
Marriages .....29
Deaths .....16

**Deaths:**

Feb. 9: David S. Orcutt in Waterboro; burial in Pine Grove Cemetery, No. Waterboro, Maine.

Board of Selectmen
Town of Waterboro, Maine

We have examined the financial statements of the various funds and account groups of the Town of Waterboro, Maine for the year ended December 31, 1978, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and account groups of the Town of Waterboro, Maine at December 31, 1978 and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF WATERBORO, MAINE

Notes to Financial Statements
December 31, 1978

(1) Summary of Significant Accounting Policies

The financial statements are presented in accordance with generally accepted accounting principles applicable to State and local government units. The basic principles have been promulgated by the National Committee on Governmental Accounting. These principles have evolved over the years and received the general endorsement of governmental officials, the general public and other persons interested in financial statements of such units.

Funds

In government the basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self balancing set of accounts recording cash and/or other obligations, reserves and equities which are segregated for the purpose of carrying specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Basis of Accounting

The modified accrual basis of accounting is followed for the General Fund. The modified accrual basis of accounting is defined as "the basis of accounting under which revenues are recorded as received in cash except for revenues susceptible to accrual and material revenues that are not received at the normal time of receipt, and expenditures are recorded on a cash basis".

Plant Fund

The Town does not maintain a Plant Fund. Expenditures for property and equipment are recorded in the General Fund and charged to operations at time of purchase.

General Debt

The Town has an outstanding note with the Canal National Bank in the amount of $14,000 payable December 31, 1979 plus interest of 6¼% payable semi-annually.

## WARRANT

**County of York, ss.** **State of Maine**

**To F. Edward Waterhouse, a constable of the Town of Waterboro in the County of York and the State of Maine.**

**GREETINGS:**

In the name of the State of Maine, you are hereby commanded to notify and warn the Inhabitants of said Waterboro, qualified to vote in Town affairs to assemble at the Massabesic Middle School in said Town, on Saturday, the 10th. of March, A.D., 1979 at 10 o'clock A.M., then and there to act on the following articles to wit:

Article 1: To choose a Moderator to preside at said meeting.
Article 2: To choose all necessary Town Officers for the year ensuing.
Article 3: To see if the Town will accept the reports of the several Town Officers for the year ending Dec. 31, 1978.
Article 4: To see if the Town will vote that all balances both debits and credits in the several departments of Town Government of Waterboro be lapsed or carried, as shown below and that carried balances be reappropriations and added to or subtracted from appropriations for 1979 made this day.

| Finance Committee Recommends: Ought to pass and be expended | | | | |

under the direction of the Fire Chief, Road Commissioner and a representative of the Snowmobile Club.

Art. 15: Shall an ordinance entitled "Town of Waterboro, Culvert Ordinance" be enacted?

Finance Committee Recommends: Ought to pass.

**TOWN OF WATERBORO**
**HIGHWAY ENTRANCE ORDINANCE**

Sec. 1. This ordinance is enacted pursuant to the authority granted in Title 30 M.R.S.A. ‡‡ 1917, 2151 2 and 2153.

Sec. 2. It shall be unlawful for any person, firm or corporation to construct or maintain any driveway, entrance or approach within or connected to the right-of-way of any town-owned or maintained road or way without first securing a written permit therefore from the road commissioner of the town.

Sec. 3. On application such permit will issue to any applicant when the road commissioner has determined that the design, location and construction of such driveways, entrances or approaches on such roads and ways including, provisions for the installation of culverts it he deems the same to be necessary, will adequately protect and promote the safety of the traveling public and to minimize the maintenance as may be required on said road or way as a result of such driveway, entrance or approach.

Sec. 4. No permit shall be required for any existing driveway, entrance or approach unless the grade or location of the same is changed or altered, but if any driveway, entrance or approach is changed or altered in location, grade or otherwise improved, a permit shall be required. If any existing driveway, entrance or approach is changed or altered in intensity or kind of use, a permit shall also be required.

Sec. 5. The fee for each entrance permit shall be in the sum of $5.00.

Sec. 6. Any person who is found to have violated any provision of this ordinance by a Court of competent jurisdiction, is subject to a civil penalty of up to $100.00 for each offense to the use of the municipality. Each violation shall be considered a separate offense. Each day any violation is permitted to continue shall be considered a separate offense.

Sec. 7. This ordinance shall be effective when enacted by a town meeting.

Art. 16: To see what sum of money the Town will raise and appropriate to improve Thyng's Mill Road (which leads from Clark's Bridge Road to the residence of Michael J. Hickey) a distance of approxi-

| | | | | |

| Finance Committee Recommends: 6,000.00 from taxation. | | | | |

Art. 54: To see if the Town will vote to authorize the Selectmen to sell and dispose of, at public auction, any tax title property acquired by the Town of Waterboro through matured tax liens, said public auction to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days prior to sale, in addition it shall be printed 2 weeks in the Journal Tribune prior to such sale or sales. Those lands deemed best kept by joint conference of the Planning Board, the Selectmen and the Conservation Commission shall not be placed for auction, but held by the Town. The Selectmen shall execute quite claim deeds signed by all three for such property. Sales shall be made with the understanding that the purchaser be responsible for establishing boundary lines. Provided however, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds to and for the benefit of persons claiming present title, to clear the public records of old tax deeds or matured tax liens for which a discharge is not of record because of inadvertance of the like, without the necessity of sale at public auction. Provided further, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds for such property to the prior owner or owners or his successors in interest if the amount of delinquent taxes together with the costs and interest are fully paid within three years from the date of maturity of foreclosure of the most current tax lien, also without the necessity of sale or public auction. The Tax Collector shall submit a list of all Tax Title properties to the Selectmen, by the first of the year, and list published in the Town Report.

Finance Committee Recommends:
Ought to pass.

WATERBORO FIRE DEPARTMENT

This year of 1979 was a very sad and trying year for the Waterboro Fire Dept. The year got off to a very good start with Chief Richard A. Eugley setting up numerous projects for the year.

On June 22, 1979 Richard was fatally injured in an accident at the Middle School in Waterboro. The Department not only lost a young energetic Chief and leader but it was also a very personal loss for the members. It was also a great loss for the Town of Waterboro. We would like at this time to thank the citizens of the Town for bearing with us during the transition period.

On Sept. 14, 1979 we received our new ambulance and the equipment was transferred. The 1971 ambulance was sold to Goodwins Mills for their newly formed rescue unit. The ambulance answered a total of 128 calls for the year.

The 1979 breakdown of alarms answered follows, totaling 95:

Brush/Grass: 5 Electrical: 3 Chimney: 15 Structure: 10
Dump: 2 Public Assistance: 13 Oil Spill: 1 Vehicle: 25
Fire Investigation: 16 Mutual Aid: 3 False: 2

We would like to thank the citizens of the Town, the men and women of the

department, the Junior Fire Department and the Ladies Auxilary for their support during the year.

Raymond Emmons, Jr., Chief
Douglas Foglio, Sr., 1st. Asst.
Edmund Bullard, Jr., 2nd. Asst.

## SELECTMEN'S REPORT

During 1979 your Selectmen have spent a tremendous amount of time solving the ever growing problems that are facing your Town. As the Town has grown over the past several years, so have the problems that face the Town.

One of the major problems facing the Town, that of solid waste disposal, has demanded a considerable amount of time from your Selectmen. Working with the various Towns in the area and on it's own, the Town has been able to develop a solution that will be presented to the people at Annual Town Meeting.

Bids for the construction of the addition to the Town House were opened and a contract was awarded in the fall of 1979. By the time you read this report, construction should be near completion and the Town will have a building which can be utilized for many years and one which the Town can be proud of.

There are many other areas where your Selectmen have been active in 1979 such as roads, assessing, welfare, etc. With the increase federal and state regulations, these areas are becoming more and more complex each year.

As you read this report you will note that there are many committees in the Town that are active and the Selectmen would like to thank the many individuals who donate their time serving on these committees.

John C. Monteith
Daniel G. Willett
Robert C. Fay

## ASSESSOR'S REPORT

The Waterboro Reassessment Program is nearing completion. The measuring and listing of all properties in Town has been recorded and it is this data upon which your new assessments will be based.

This past year I have been working on a pricing schedule which would be fair and equitable for the taxpayer of Waterboro. Your Selectmen have approved this schedule and I am currently pricing the properties in Town. After this is completed, you will receive notification of your new assessments, probably by early summer.

The Town's total valuation increased in 1979 by $606.862. This reflects the growth of the Town over the past year.

Respectfully submitted,

Mark A. Caldwell
Assessor

## WATERBORO YOUTH LEAGUE

The Waterboro Youth League registered 133 children for the 1979 baseball and softball season, 99 boys and 34 girls. There were 6 Little League Teams, 4 Girls Softball Teams, 2 Babe Ruth Teams and 1 Independent Team for a total of 13 teams.

For the 1980 season, we will have the responsibility of maintaining the new ball field on the Old Alfred Road and we will be adding a 13-year old Prep Team. There will be 13-14 teams depending on the turnout in the Spring.

Respectfully submitted,

Robert Tutt, President
Tom Healey, Vice President
Elaine Keith, Secretary/Treasurer

| Conversions | 3 |
| Commercial Buildings | 2 |
| Barns | 1 |
| Miscellaneous | 20 |
| Total: | 108 |

Respectfully submitted,

Mark Caldwell
Building Inspector

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

The calendar year 1979 will long be remembered for the opening of the new Waterboro Elementary School to replace the So. Waterboro School and bring back to Waterboro all elementary school students.

A dedication of the new school was held on October 28th. The Commissioner of Educational and Cultural Services, Harold Raynolds, was the speaker for the ceremony. More than three hundred local people attended the dedication and open house. The Parent-Teacher Club graciously provided refreshments.

The new school is a beautiful building, planned and constructed for the comfort, safety and educational benefits of children. The facility bears testimony to the concern and support of the Waterboro citizenry for education and to the cooperate endeavors of the Board of Directors, the school administration, teaching staff, parents and students.

Fall enrollment in 1979 saw a total of 800 Waterboro students, grades K-12, enrolled in S.A.D. #57. This is an increase of 75 students over the fall enrollment of 1978.

A parent volunteer program was established in the fall of 1979. Many are giving of their time to work in the new Waterboro School and more particularly in the library and media center. All activities in the elementary schools, Junior High School and High School are enjoyed by the youth of Waterboro.

The cooperation of the Waterboro Selectmen is greatly appreciated, particularly concerning the matter of snow plowing at the new school. A successful educational program needs such cooperation when the best interests of the children are to be accomplished.

The Waterboro citizens can truly be proud of their School Board Directors; they are atuned to the feelings, desires and needs of the people of their town with regard to the shcool program.

Respectfully submitted,

Vincent J. Gallucci
Superintendent of Schools

## ZONING BOARD OF APPEALS

The Zoning Board of Appeals held hearings on three (3) requests for variances, of which two (2) were granted, and heard two (2) appeals, of which one (1) was granted.

Respectfully submitted,

John L. Young
Chairman

## CONSERVATION COMMISSION

1979 found the Waterboro Conservation Commission responding to many community, area, and state issues.

During the year we renewed our membership in the Maine Association of Conservation Commissions. Two of our members attended a MACC-sponsored field trip on waste disposal, and then gave a report to the regional committee which studied the problem. Three of our members attended these regional meetings throughout the summer.

We sponsored a Junior High student from North Waterboro at the Bryant Pond Conservation Camp, and she reported that it had been a very worthwhile educational experience.

The Conservation Commission took part in the Firemen's Field Day Parade, and distributed free conservation material throughout the weekend's activities.

One of our members was York County Chairperson for "Citizens in Favor of the Bottle Bill", and out other members took an active part in the campaign.

Christmas donations were made to three animal welfare societies.

We are still researching available property for a community recreation area.

Conservation Commission members and officers for 1979 were: Stanley Gawron, Chairman; Constance Marshall, Secretary; Brenda Leighton; Chauncey Gerry; Robert Tutt; Richard Hutchinson; and Jane Willett, Associate Member.

The Commission meets the second Monday of every month at 7:30 p.m. at the Waterboro Town Office. All interested townspeople are invited to these meetings.

We presently have two openings on the Commission which we are eager to fill.

Respectfully submitted,

Constance Marshall
Secretary

## PLANNING BOARD

In 1979 the Planning Board held 22 regular meetings (having decided to hold 2 regular meetings per month), 5 special meetings and 2 work sessions.

It reviewed 40 requests for approval of applications for building permits.

It reviewed 5 subdivisions approving: Crabtree Acres of 5 lots and 115 acres on Bagley Road and Sunshine Acres of 8 lots and 37.2 acres on Roberts Ridge Road.

It made 5 on-site inspections, prepared material for and attended two appeal hearings and reviewed and approved 6 power permits.

Member attendance has been about 75 percent.

It has been evident for sometime that the increasing number of applicants could not be adequately heard and their requests processed without holding at least 2 meetings per month, therefore, in March the second regular meeting on the fourth Thursday was instituted.

Consideration was given and still is being given to the classification of roads based upon long range use. Time was also spent on road construction and design standards. These two matters should be completed within 1980.

Two work sessions have been held to discuss revisions to the Zoning Ordinance. Since there is need for considerable revision and clarifications and time for the required hearings involved the revised Ordinance is not likely to be ready for enactment before the middle of 1980. Due to this fact thought is being given to complete the major revisions so that they may be voted upon considerably earlier.

Although the Zoning Ordinance has had desired effect in controlling the density of growth in the various zones it will not provide any protection against a too rapid growth which could result in a substantial increase in tax rate especially if the cost of money comes down sufficently. Therefore, Growth Control Measures are being studied; not necessarily that they might be recommended for enactment in the near future but that their implimentation may be more easily made when needed.

Respectfully submitted,

Douglas C. Foglio
Chairman

Board of Selectmen
Town of Waterboro, Maine

We have examined the financial statements of the various funds and account groups of the Town of Waterboro, Maine for the year ended December 31, 1979, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and account groups of the Town of Waterboro, Maine at December 31, 1979 and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF WATERBORO, MAINE

Notes to Financial Statements
December 31, 1979

## (1) Summary of Significant Accounting Policies

The financial statements are presented in accordance with generally accepted accounting principles applicable to State and local government units. The basic principles have been promulgated by the National Committee on Governmental Accounting. These principles have evolved over the years and received the general endorsement of governmental officials, the general public and other persons interested in financial statements of such units.

### Funds

In government the basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self balancing set of accounts recording cash and/or other obligations, reserves and equities which are segregated for the purpose of carrying specific activities or attaining certain objectives in accordance with special regulations restrictions or limitations.

### Basis of Accounting

The modified accrual basis of accounting is followed for the General Fund. The modified accrual basis of accounting is defined as "the basis of accounting under which revenues are recorded as received in cash except for revenues susceptible to accrual and material revenues that are not received at the normal time of receipt, and expenditures are recorded on a cash basis".

### Plant Fund

The Town does not maintain a Plant Fund. Expenditures for property and equipment are recorded in the General Fund and charged to operations at time of purchase.

### General Debt

The Town has arranged for a bank loan of up to $73,000 to finance the Town Office Complex. As of December 31, 1979 no borrowings had occured.

WARRANT

County of York, ss. State of Maine

To F. Edward Waterhouse, a constable in the Town of Waterboro in the County of York and the State of Maine.

GREETING:

In the name of the State of Maine, you are hereby commanded to notify and warn the inhabitants of said Waterboro, qualified to vote in Town affairs to assemble at the Massabesic Middle School in said Town, on Saturday the 8th. of March, A.D., 1980 at 10 o'clock A.M., then and there to act on the following articles to wit:

Article 1: To choose a Moderator to preside at said meeting.

Article 2: To choose all necessary Town Officers for the year ensuing.

Article 3: To see if the Town will accept the reports of the several Town Officers for the year ending Dec. 31, 1979.

Article 4: To see if the Town will vote that all balances both debits and credits in the several departments of Town Government of Waterboro be lapsed as shown below and that all other balances be carried and reappropriated and added to or substracted from appropriations for 1980.

| Art. 37: To see what sum of money the Town will raise and appropriate for the salary of a full time Constable. (Article submitted by Anne Gardner) | -0- | -0- | -0- | 14,000.00 |
| Finance Committee Recommends: That the Selectmen appoint a Commission to investigate the law enforcement problem and to work with local law enforcement agencies and report back to the next Annual Town Meeting. | | | | |
| Art. 38: To adopt the proposed drawing on exhibit as the Town of Waterboro Seal for inclusion on letterheads and documents of official nature. (Article submitted by Phillip Gardner) | | | | |

| | | | | |
|---|---|---|---|---|
| Art. 39: To see what sum of money the Town will raise and appropriate for maintenance of Municipal Buildings and Office Equipment. | 1,177.34 | 601.40 | 575.94 | 2,500.00 |

Finance Committee Recommends: $2,000.00 from Taxation.

Art. 40: To see if the Town will vote to authorize the Selectmen to sell and dispose of, at public auction, any tax title property acquired by the Town of Waterboro through matured tax liens, said public auction to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days prior to sale, in addition it shall be printed 2 weeks in the Journal Tribune prior to such sale or sales. Those lands deemed best kept by joint conference of the Planning Board, the Selectmen and the Conservation Commission shall not be placed for auction, but held by the Town. The Selectmen shall execute quite claim deeds signed by all three for such property. Sales shall be made with the understanding that the purchaser be responsible for establishing boundary lines. Provided however, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds to and for the benefit of persons claiming present title, to clear the public records of old tax deeds or matured tax liens for which a discharge is not of record because of inadvertance of the like, without the necessity of sale at public auction. Provided further, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds for such property to the prior owner or owners or his successors in interest if the amount of delinquent taxes together with the cots and interest are fully paid within three years from the date of maturity of foreclosure of the most current tax lien, also without the necessity of sale or public auction. The Tax Collector shall submit a list of all Tax Title properites to the Selectmen, by the first of the year, and list published in the Town Report.

Finance Committee Recommends: Ought to pass.

Art. 41: To see if the Town will authorize the Selectmen to negotiate the sale of selected Town owned lots at Lake

Arrowhead Estates under appropriate terms and conditions with final approval at a future Town Meeting. Approximately $140,000. to be raised. Said monies to be used for dump ($80,000.) and reconstruction of Ledgemere Bridge ($60,000).

Finance Committee Recommends: No recommendation. Too late to consider.

Art. 42: To see what sum of money the Town will raise and appropriate for purchasing a share of the Portland Baler. (Request unknown at time of warrant preparation.) Article submitted too late for Finance Comm. recommendation.

Art. 43: To see what sum of money the Town will raise and appropriate for maintenance of a Town Dump for the ensuing year. 17,864.59 13,907.42 3,957.17 12,000.00

Finance Committee Recommends: $12,000.00 from Taxation.

Art. 44: To see what sum of money the Town will raise and appropriate for the future Dump Site. 28,096.79 -0- 28,096.79 10,000.00

Finance Committee Recommends: $10,000.00 from Taxation.

Art. 45: To see what sum of money the Town will raise and appropriate to pay for Insurance for 1980. 2,105.79 1,838.00 267.79 7,000.00

Finance Committee Recommends: $7,000.00 from Taxation.

Art. 46: To see if the Town will raise and appropriate the sum of $2,000.00 for a Family Health Center at Waterboro, to be spent only if

**A PLAN FOR THE FORMER SOUTH WATERBORO ELEMENTARY SCHOOL**

Currently, Waterboro has two volunteer radiological monitors, Phil Gardner and Don Stanton, who take atmospheric background radiation readings every two weeks with geiger counters provided by the County Civil Emergency Preparedness Agency.

This month, Mark Anthony, the Plans & Training Officer of York County C.E.P. is showing a film "Protection In The Nuclear Age" and distributing helpful handbooks on disaster protection to the Junior High School and High School classes.

## Why Civil Emergency Preparedness?

Although Civil Emergency Preparedness in Waterboro on an ordinary day-to-day basis is not visible, from time to time emergency disaster situations occur without warning be they of the natural, or man made variety. During these periods Civil Emergency Preparedness would not only be deemed valuable but essential to the safety and protection of the people and property within our town. Prior to a disaster occurrence C.E.P. prepares written plans to deal with a disaster or emergency situation.

Important to a viable Civil Emergency Preparedness Program is an Emergency Operations [illegible] network. By establishing a suitable emer- [illegible] will be eligible for governmen-

TO: The Residents of Waterboro

FROM: Waterboro Civil Emergency Preparedness

## Facts About Waterboro C.E.P. In 1980

All directors meetings held on a monthly basis were attended by the Director and in some cases one of his staff.

An Emergency Operations Workshop was attended by the Director and Deputy Director on developing Emergency Operations Plans.

Waterboro C.E.P. took part in Multi-Ex-80, a statewide training exercise.

Waterboro's Director and one staff member attended the Public Officials Conference on crisis relocation.

Wateroboro's Emergency Operations Plan was completed and approved by the Town Selectmen, County C.E.P., and State C.E.P. This is the first time in recent years that Waterboro has had an Emergency Operations Plan.

Responded at the request of County to a plane crash in Limerick.

## Plans For Waterboro C.E.P. In The Future

Provide information to the public as to what C.E.P. is and how it can work for them in an emergency.

Develop a good working relationship with the Fire Department.

## A Few Facts You May Not Know

That if Crisis Relocation is implemented, Waterboro would be receiving about 4,000 evacuees. (This would be implemented when it looks like an attack on the United States was about to take place.)

That we recently had an accident in town in which a chemical spill did occur. Luckily this was not a hazardous chemical, but next time it may be.

That without a base to operate from and without communications, your C.E.P. cannot operate at its maximum potential.

The Director and Staff of Waterboro C.E.P. completely volunteer their time to this purpose.

A drought crisis such as occurred in Kittery.

Blizzards and hurricanes which are a threat to life and property each season.

Chemical accidents such as an overturned tractor trailer truck.

Hazardous Materials dumping which has affected the City of Saco, Town of Grey and other Maine communities.

Nuclear radiation as a result of incident, either nuclear war or power plant accident.

These are only a few of a number of emergency disaster situations that might occur in our town.

A decision must be made whether we are going to continue to just hope for the best or we're going to prepare for the worst. We must decide if it's better to have an Emergency Operations Program and not need it than to need it and not have it.

## SELECTMEN'S REPORT

The Selectmen spent a tremendous amount of time solving the many problems that are facing your Town. As the Town has grown and as State and Federal regulations have increased the problems that are faced by the Selectmen have increased daily. Once very simple problems have become very complex and now require sufficient amount of time devoted to these problems by the Selectmen.

The solid waste problem was worked on through out the year in 1980 and the Selectmen have been able to acquire an option on a piece of land which could be used for a stump dump and a transfer station. There has also been sufficient amount of time devoted to the problem of septic sludge, several sites have been reviewed, but none of these have met the requirements of the Department of Environmental Protection.

The new Town Office was completed in the Spring of 1980 and the Town has now moved into this new facility. This is a facility which the Town can be proud of and should serve the Town for many years to come. We are all ready finding that the demand on the use of this facility is at a lot of times greater than the space available by the many groups who would like to use the Town Hall.

One of the major events of 1980 was a completion of the re-evaluation of the Town. Even though there was much controversy surrounding this re-evaluation the Selectmen feel that even though there may be some difficulities with

the re-evaluation that the overall result was equitable taxation of all properties in Waterboro.

The Selectmen also spent a considerable amount of time trying to sell the Town owned lots at Lake Arrowhead. At a Special Town Meeting, a proposed list of lots for sale was presented to the Town, however, this was turned down by the Town Meeting.

The Selectmen would like to thank all of the citizens that participated in Town affairs in 1980 and specially to the individuals that dedicated so much of their time serving on the various Committees and Boards of the Town.

Respectfully,

Daniel G. Willett
Robert C. Fay
John C. Monteith

## ASSESSOR'S REPORT

The fall of 1980 marked the end of the Waterboro reassessment program. I feel that the new assessments are fair and should be a good basis for continued equitable assessments in the coming years. To maintain the assessment records properly in the future, all land and buildings should be reveiwed at least every four years.

I am sorry to inform veterans that were not residents of the State of Maine when they entered the Services, that they no longer qualify for veterans exemption. This change in status is the result of the Dec.11, 1980, Maine Supreme Judicical Court Ruling on the case of Lambert Vs. Wentworth et al, Assessors of the Town of Wells, Maine.

Once again I would like to thank the taxpayers of Waterboro for their co-operation over the past year.

Respectfully,

Mark A. Caldwell
Assessor

## CODE ENFORCEMENT OFFICER'S REPORT

The following permits were issued in 1980:

| | |
|---|---|
| Dwellings | 13 |
| Mobilehomes | 8 |
| Barns, Garages & Sheds | 18 |
| Additions | 19 |
| Remodeling | 7 |
| Foundations | 3 |
| Commercial Additions | 5 |
| Signs | 2 |
| Swimming Pools | 2 |
| Permit Renewals | 1 |
| Moving a Building | 2 |
| Total: | 82 |

Four (4) notices of Zoning violations were issued in 1980 of which one is still unresolved.

For the property owners that have building and remodeling projects planned for the coming year, please feel free to call the Building Inspector to see if a building or plumbing permit is needed for your project.

May I, at this time, thank the people building and remodeling for their co-operation.

Respectfully,

Mark A. Caldwell
Building Inspector/CEO

## WATERBORO CONSERVATION COMMISSION

This was a very active and productive year for the Waterboro Conservation Commission. Members and officers for 1980 were: Constance Marshall, Chairperson; Brenda Leighton, Secretary; Chauncey Gerry; Richard Hutchinson; and Theresa Garnett.

Our membership in the Maine Association of Conservation Commissions was once again renewed. Two of our members represented the Commission at the Association's Annual Meeting.

The Conservation Commission ordered and distributed educational material at the annual Firemen's Field Day in Waterboro. We sponsored five (5) Waterboro students at the Bryant Pond Conservation School last summer. During April vacation, we gave a showing of the film "The Lorax"; and sponsored a talk by a Sanford veterianian on the proper care of pets. Three subcriptions to the National Wildlife Federation's magazine for children, "Ranger Rick", were

awarded to the children as door prizes during the presentation.

The Conservation Commission ordered and planted cardinal wildflower plants - a flower which is possible in danger of extinction. We purchased several bluebird house kits from the Maine Audubon Society; assembled them; and distributed them throughout the community. We donated to the Waterboro school system for one of their projects, and made Christmas donations to three animal welfare groups. We worked to stop the proposed budget cut in the State's Division of Animal Welfare.

One of the major projects of the Commission was researching possible properties for area recreational facilities. We also worked diligently in conjunction with the Planning Board toward determining which of the Town-owned Lake Arrowhead properties should be sold or retained.

Respectfully submitted,

Brenda Leighton
Secretary

## FIRE DEPARTMENT'S REPORT

During the year the Department answered 231 calls as follows:

Buildings: Structural-6, Chimney-25; Smoke in Building-1; Furniture-1
Trucks & Autos: Fire-5; Accident-13; Tires-1; Gas Spills-6
Brush & Grass: Dump-17; Trash in Barrel-1; Electrical Wire Down-4; Tree on Wires-1; Brush & Grass-19
Other: Broken Fuel Pipe-1; Private Fire Alarm-2; Bomb Scare-1; Child Locked in Room-1; Mutual Aid-3; Ambulance Calls-126

1980 was a busy year for the Department. There was a major structure fire at the Deering residence on the Deering Ridge Road. The rear of the building and all three levels were involved when the Department arrived. Water had to be trucked from the Trout Pond and mutual aid was an important factor in surpressing the flames.

Work is continuing on the truck at East Waterboro by the members of the Department and it is expected to be finished in 1981.

Ten members of the Department attended the Annual Fire Attack School in Sanford. Members of the Junior Fire Dept. attended Fire School in New Hampshire.

We did 35 chimney and stove inspections. If anyone has any questions or would like an inspection done, please feel free to call the chief or one of the officers.

We would like to take this time to thank everyone for the co-operation over the last year. and are looking forward to working with you for the next year.

Thank you,

Raymond Emmons, Jr., Chief
Edmund Bullard, First Asst.
John Smith, Second Asst.

## PLANNING BOARD

The Planning Board held 19 regular and 2 special meetings in 1980. It processed and approved 4 subdivisions comprising nearly 70 lots; reviewed numberous applications for approval to build on substandard lots or to undertake uses requiring conditional approval; travelled to 7 locations for on-site inspections; studied the need for a growth control ordinance finding it not urgent at this time; worked in joint committee with the Conservation Commission in consideration of the various circumstances affecting the possible sale of the Arrowhead lots and reviewed the Zoning Ordinance formulation 66 proposed revisions thereto.

Respectfully submitted,

Philip M. Gardner
Chairman

## Financial Report

| | | | |
|---|---|---|---|
| Balance brought forward | | $ 443.68 | |
| Funds Rec'd: | Town of Waterboro | 300.00 | |
| | Interest | 12.96 | |
| Total Operating Funds: | | | $ 756.64 |

Board of Selectmen
Town of Waterboro, Maine

We have examined the financial statements of the various funds and account groups of the Town of Waterboro, Maine for the year ended December 31, 1980, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and account groups of the Town of Waterboro, Maine at December 31, 1980 and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statement taken as a whole.

TOWN OF WATERBORO, MAINE

Notes to Financial Statements
December 31, 1980

## (1) Summary of Significant Accounting Policies

The financial statements are presented in accordance with generally accepted accounting principles applicable to State and local government units. The basic principles have been promulgated by the National Committee on Governmental Accounting. These principles have evolved over the years and received the general endorsement of governmental officials, the general public and other persons interested in financial statements of such units.

### Funds

In government the basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self balancing set of accounts recording cash and/or other obligations, reserves and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

### Basis of Accounting

The modified accrual basis of accounting is followed for the General Fund. The modified accrual basis of accounting is defined as "the basis of accounting under which revenues are recorded as received in cash except for revenues susceptible to accrual and material revenues that are not received at the normal time of receipt, and expenditures are recorded on a cash basis".

### Plant Fund

The Town does not maintain a Plant Fund. Expenditures for property and equipment are recorded in the General Fund and charged to operations at time of purchase.

### General Debt

The Town obtained a Promissory Note from Sanford Savings and Loan for $73,000 to finance the Town Office Complex. The Note is to be retired in the following manner:

$14,600 on November 30, 1980
14,600 on November 30, 1981
14,600 on November 30, 1982
14,600 on November 30, 1983
14,600 on November 30, 1984

Interest at a rate of six percent (6%) per annum is payable quarterly on the unpaid principal balance. Principal payment due November 30, 1980 was remitted subsequent to December 31, 1980.

(1) After appropriations of $[illegible]

PROPOSED WARRANT

State of Maine

County of York, ss.

To F. Edward Waterhouse, a constable in the Town of Waterboro in the County of York and the State of Maine.

GREETINGS:

In the name of the State of Maine, you are hereby commanded to notify and warn the inhabitants of said Waterboro, qualified to vote in Town affairs to assemble at the Waterboro Town Hall in said Town, on Saturday, the 14th. of March, A.D., 1981 at 10 o'clock AM, then and there to act on the following articles to wit:

Article 1: To choose a Moderator to preside at said meeting.

Article 2: To choose all necessary Town Officers for the year ensuing.

Article 3: To see if the Town will accept the reports of the several Town Officers for the year ending Dec. 31, 1980.

Article 4: To see if the Town will vote that all balances both debits and credits in the several departments of Town Government of Waterboro be lapsed as shown below and that all other balances be carried and reappropriated and added to or substracted from appropriations for 1981.

Art. 35: To see if the Town will vote to authorize the Selectmen to sell and dispose of, at public auction, any tax title property acquired by the Town of Waterboro through matured tax liens, said public auction to be advertised in advance by posting notices in four conspicuous places in Town at least 15 days prior to sale, in addition it shall be printed 2 weeks in the Journal Tribune prior to such sale or sales. Those lands deemed best kept by joint conference of the Planning Board, the Selectmen and the Conservation Commission shall not be placed for auction, but held by the Town. The Selectmen shall execute quit claim deeds signed by all three for such property. Sales shall be made with the understanding that the purchaser be responsible for establishing boundary lines. Provided however, that the Selectmen, in their discretion, may execute and deliver quit-claim deeds to and for the benefit of persons claiming present title, to clear the public records of old tax deeds or matured tax liens for which a discharge is not of record because of inadvertance of the like, without the necessity of sale at public auction. Provided further, that the Selectmen, in their discretion, may execute and deliver quit claim deeds for such property to the prior owner or owners or his sucessors in interest if the amount of delinquent taxes together with the costs and interest are fully paid within three years from the date of maturity of foreclosure of the most current tax lien,
